

Safety Eyewear

Spectacles Clear AS + AF

PSP 28-046

DESCRIPTION

The PSP 28-046 is a wide-coverage safety lens that provides full protection and panoramic vision. The mono lens is made of clear polycarbonate and provided with anti-scratch coating (AS) and anti-fog (AF) coating. These glasses provide 99% UV protection, are long wearing & comfortable due to the soft ends of the leg and ultra-light weight.

These are safety glasses with a modern look that will suit many different face types. This model is also available with tinted lenses (PSP 28-047).

Article PSP 28-046 meets the requirements of Directive (EU) 2016/425 and with the general requirements of EN166:2001 and EN170:2002 standards.
