

DESCRIPTION

The PSP 10-427 and 10-435 All-round PVC Red are red allround gloves and fully coated with a red PVC coating. This makes the gloves water- and liquid-proof. In addition, this coating also provides good slip resistance. These slip-on gloves are ideal for maximum protection against oils, greases and other applications where you want to keep your hands clean and dry.

The gloves are equipped with an Interlock liner for extra comfort and dry feeling of the hands. Even at low temperatures, these gloves remain extremely flexible.

The gloves are available in 2 lengths, 27 cm (PSP 10-427) and 35 cm (PSP 10-435). So you can always choose an appropriate length.

Article PSP 10-427 and 10-435 are both tested and certified in accordance with European Regulation (EU) 2016/425 and EN standards EN ISO 21420:2020 / EN388:2016.

FEATURES

- ▲ PVC with special formula
- ▲ Extremely good protection against greases and oils
- ▲ Double dipped
- ▲ Extremely flexible PVC
- ▲ Good grip in wet and oily environments
- ▲ High wearing comfort
- ▲ Available in 2 different lengths
- ▲ Approvals according to: EN ISO 21420:2020 / EN388:2016.

CERTIFICATIONS

 CAT II	 4121X	Abrasion resistance = 4
		Blade cut resistance = 1
		Tear resistance = 2
		Puncture resistance = 1
		Cut ISO 13997 = X

APPLICATIONS

(Petro)chemicals | Automotive | Oil/offshore | Construction

PRODUCT INFORMATION

Material	Liner: Interlock cotton, Coating: PVC (double dipped) with smooth surface
Color	Red
Cuff length (mm)	270 (PSP 10-427), 350 (PSP 10-435)

ORDER DETAILS

Size	Item number	Packing Unit
10 / XL	2.01.10.427.10	10 x 12 (120 pairs)

Size	Item number	Packing Unit
10 / XL	2.01.10.435.10	6 x 12 (72 pairs)

** Liquid protection: Note! The degree of protection depends on the coating used.
Cut ISO 13997: The letter A to F indicates the cut resistance according to ISO 13997. X = control not performed or not applicable
