

Safety Eyewear Spectacles Basic Yellow AS PSP 28-004

DESCRIPTION

The PSP 28-004 is our basic safety eyewear which is made entirely of polycarbonate in the color yellow and equipped with anti-scratch coating. This unisex model has a one-piece molded lens with contoured nose and is suitable for any face.

The yellow version is ideal for working in moderate to low light conditions. The yellow lens allows for better depth perception contrasts in difficult, flat-light conditions. These glasses offer 99% UV protection, are lightweight and comfortable to wear due to the flexible arms.

Versions of this model are also available in 'smoke' (PSP 28-005) and 'clear' (PSP 28-003).

Article PSP 28-004 complies with the requirements of Directive (EU) 2016/425 and with the general requirements of the EN166:2001 and EN170:2002 standards.
